Jackson era ends; another replaces it

An era has ended and another begins with the closing of Jackson High School on June 6, 1975. As we look back through the years 1965-75 our hearts swell with pride in the accomplishments of all of those associated with this high school. The outstanding successes of our students are legion and the academic standards maintained attest to their dedication to the ideals and purposes of this institution. Their performances in things extracurricular have established marks of achievement unsurpassed in our city.

Sharing the successes of our students in fulfilling the purposes of our school are the staff members whose dedication in areas of their responsibilities have produced these results. Participation of patrons in support of the program encouraged both students and staff in this pursuit of excellence. Assistance and direction came from central office staff in various ways in the total educational program.

What transpired at Jackson was a result of a unique blend of students, staff and patrons dedicated to a universal cause and exercising tremendous effort with corresponding pride in achieving established goals. Such results can be maintained though a new era begins. We fervently wish comparable successes to students and staff wherever they might be in the years ahead. All ingredients for such will be present—students, staff, patrons, purposes and goals. With the same spirit and dedication, all can share the pride of achievement in the future.

As we close this chapter in our lives, I wish to thank all of you for contributions you have made. I trust that each has benefited as I in the establishment of eternal bonds of friendship and respect. These ties shall continue to benefit us all as we continue with our Book of Life, Chapter

MacHatton thanks Old Hickory staff

I would like to take this space to thank some of the people who I have worked with over this past year in publishing the Old Hickory. Without them, and the many other people who have worked on the paper, it never would have been possible to succeed in putting out a paper which, hopefully, the Jackson students and staff enjoyed.

First, I have to thank Marnie Brehmer. Her foresight and organization **were** instrumental in the success of the Old Hickory. In addition to her is Nancy Fahey who worked closely with Marnie and provided readers with many feature stories. Without these two girls working during fourth hour the Old Hickory might not have made it through the year.

And a very special thanks to Kathy Larson, our staff artist, whose artistic abilities added a great deal to the quality of our newspaper.

John Chapo and Tony Wantuch also deserve a lot of credit. They had to put up with my yelling at them since I found it difficult to yell at Marnie and Nancy. John and Tony wrote many good stories and helped out a lot on layout days. Another important person on the staff who I must thank is Liz Woyton. Even though Liz is just a little sophomore, she showed a lot of maturity as a writer. I also want to apologize to her for all the nasty things I said and did to her this year. Regretfully we didn't get the benefit of Greg Levan for the first part of the year. He was advertising manager for the yearbook in the beginning, and when he finished with that he came over to the Old Hickory and provided us with a great many much needed ads.

And finally there is Mrs. Claus. Thanks. Since Jackson opened ten years ago she has been advising the Old Hickory. Through the years the Old Hickory has been a top newspaper in the country. Much of the credit for this success should go to Mrs. Claus. We hope that the tenth volume adds to this success as we think it will.

When we started this year Mrs. Claus and I talked about how often we should come out. Even though we **had** very little experience we decided to come out weekly. We figured that if it got to be too much of a problem we could change to bi-weekly. However the staff learned more and more with each issue. And with the contributions of the journalism class we never had to change.

I hope you enjoyed this year's Old Hickory. We learned a lot putting it out and we hope you also learned a lot from our putting it out. Some of the things that we planned to do didn't work out. I'm sorry that they didn't. But if we didn't win every battle, maybe we won the war. I wish all you seniors good luck next year in whatever you do. Remember to have faith in yourself and don't be afraid to set your goals high because nothing is impossible.

GOOD LUCK CLASS OF '75!!

Embarrassing moments remembered by seniors

Most Jackson seniors will think of their high school days with fond memories of the good times they had here. But there are some times that they would rather forget. These "most embarrassing moments" will probably be laughed at in the future; but talking to these embarrassed seniors now, one would never guess it.

Many of these moments happened in the classroom. Dan Young would like to forget the time when he was looking over Tony Wantuch's shoulder at his vocab test and turned around to see Mr. Hanig looking over his shoulder at him!

Chris Grossnickle hates to think of the time during glee club when the class came to a part in the song where everyone had a rest. "I hiccupped loudly right then," said Chris.

Some embarrassing moments came in gym class. Gwen Frazier was embarrassed when, as a freshman, she had to take off all her clothes in front of everyone. John Weiss blushes to think of the time while he was climbing the rope and someone pulled down his gym shorts. Nan Gindelberger would like to forget spraining her ankle during class and being taken away in an ambulance.

Of course, many embarrassing moments came as freshmen. Kathy Larson would like to forget when she asked Mr. Mojzik if room 137 was on the third floor. Jim Rose remembers how confusing schedules were for freshmen. "I looked under 'subject code' instead of under 'room number' my

first day as a frosh," he said, "and ended up looking for room 505 instead of room 212.

It is amazing how many people are embarrassed about their eating habits. Michele Pearson hates to think of the day when she dumped a carton of milk on herself while trying to drink it. "I had to walk out of the cafeteria with my pants sopping wet and my friends yelling rude things at me." Ruth Fredriksen cringes when someone mentions the time she dropped her tray at lunch. Connie Scholz depends on others to drop her tray. She blushes when reminded of the time, after she horribly mutilated Sandy Szeberenyi's cake, that Sandy threw Connie's tray out of her hands, breaking the dishes and spilling salad all over.

Some reasons for disciplinary action caused embarrassment for several seniors. John Powers would like to forget getting suspended for being in the girls' restroom. We didn't ask what he was doing there.

Nancy Humphrey's most embarrassing moment came when Mr. Early lectured her for "smooching in the halls." Steve Moreland gets a bad taste in his mouth when someone mentions that he got suspended from school for pitching pennies in the hall the same day that he was elected Freshman Class President.

Another kind of discipline caused Nancy Fahey embarrassment. "I decided to have a party when my parents were out of town," she said, "and ended up with about

300 kids there, as well as the police. People still remind me of it, and it happened two years ago!"

Sports events cease to be enjoyable when one is terribly embarrassed. "One time my jock strap broke while I was running the 100 yard dash," remembered Craig Rodgers. Dale Cranmer doesn't like to think about the time he "let it all hang out" by splitting his pants during the little 500. One doesn't have to be in the game to be embarrassed, however, as Jim Miholich will testify "I got drunk at a football game and made passes at Sara Moreland," he admitted.

Embarrassed moments come at all times and in many different forms. Patti Olson will never forget the time she slammed the door-knob into student teacher Mr. Pomerico's stomach while picking up the attendance sheets. Debbi McClure blushes to think of the time she was decorating the boys' locker room and got locked in as the boys came in.

Kathy Meiser remembers when she dropped a can of sauerkraut on her foot and had to walk around school for a week with her foot encased in a red bootie.

Jeff Brademas still can't believe that he got suspended from school for parking in the teachers' parking lot.

When asked about his most embarrassing moment, Kevin Geraghty said, jokingly of course, "It had to be when I took Terri Gavin to the Christmas Dance!"

'74 - '75 All-senior team chosen

Twelve senior athletes have been selected by their respective coaches for the 1974-75 All-senior team. The sports are football, tennis, cross-country wrestling, boys swimming, girls swimming, basketball, volleyball, softball, baseball, golf and track. Below are summaries of the athletes' performances during the year.

FOOTBALL--Ken Bailey was cited for his blocking ability by football coach Dale Rems. Playing on both offensive and defensive squads, he helped lead the football team to a winning 6-3 record which included the Tigers' tenth straight win over Penn.

TENNIS--Senior captain Jim Miholich was selected by coach Dave Dunlap for his leadership. Playing in the No. 3 singles position, he led the team to a 8-9 season record and a semi-finals spot in the sectional tournament.

CROSS-COUNTRY--Consistently running under fourteen minutes, Fred Gean was coach Larry Morningstar's choice for cross-country. The senior harrier ran his personal best time at Erskine (13:12.6) against St. Joe this year.

WRESTLING--Sporting a 24-2 season record, Vince Keszai is one of the most

successful wrestlers in Jackson's history. Wrestling in the 188-lb. weight class, he finished fourth in the state tournament and went through the regular season undefeated. At the state meet he won the Harold F. Mumby award for scholarship, attitude and sportsman-like conduct.

BOYS' SWIMMING--Coach Dave Dunlap chose senior swimmer Steve Weiss for his four-year performance as a Tiger fish. Steve holds five state titles in the 50 and 100 yd. freestyle events and one in the 100 yd. breaststroke. He has been named All-American three times and holds seven of the eleven school records.

BASKETBALL--Leading the rebounding department, senior center Al Smith was picked by coach Joe Kreitzman. He pulled down 189 rebounds, and led the team in shooting percentage with a 52 percent for the year.

GIRLS' SWIMMING--Nancy Fahey has swum on the varsity team for four years, being named co-captain this year. She swam in the freestyle and butterfly events and won the Kiwanis award.

VOLLEYBALL--Kathy Goetz led coach Becky Luebben's volleyball team to their second sectional title in three years. She

has played on the varsity squad for three years and was named captain for the '74-'75 season.

GOLF--Playing in the No. 2 position for this season is senior John Weiss. He has played varsity for two years, and is a consistent low scorer for coach Joe Kreitzman's team.

TRACK--Setting a new school record in the 440-yd. dash and winning the 100 and 220-yd. dashes steadily led track coach Larry Morningstar to name Ron Metcalfe and Tony Roth to the All-senior team. Metcalfe's record (51.8) was set in the Gary Roosevelt Invitational meet and Roth's best time in the 100 has been :10.4.

SOFTBALL--Kathy Goetz is a double selection on the All-senior Team. She plays at first base and also pitches for coach Brenda Saunders' softball team.

BASEBALL--Sporting a .441 batting average, Jim Coyle was named to the All-senior team by coach Cuyler Miller. Coyle has won four decisions without a loss this year, and his earned run average is an excellent 0.30. Coyle is in his first year on the Jackson baseball team after transferring from Adams his sophomore year.

If you're going to college to be somebody, start with Army ROTC!

Army ROTC isn't for everyone.

In the first place, the physical and mental standards are pretty high. Only a small percentage can qualify to complete the full course.

In the second place, it takes a special personality to succeed. You need a spirit of adventure — a willingness to explore the unknown and cope with the unexpected. You must be willing to accept responsibility and step forward when a group needs a leader. And you must have a genuine interest in people and your country.

How do you know if you have all these qualifications? You really can't be certain until you try Army ROTC. Enroll in the basic course during your freshman year in college. You make no commitment. You can ace it or flunk it. Most colleges give academic credit

which counts toward your degree. Yet you can drop the course anytime during the first 2 years.

If you like Army ROTC and qualify, you can continue into the Advanced Course. You'll earn \$100 a month and get your commission when you get your degree.

And you'll be a step ahead because you'll be qualified for either a military or civilian career. You will have mastered valuable leadership techniques and learned useful management skills.

This is a big challenge for any young man or woman. We can help you decide by sending free literature. Mail this coupon or phone us toll free 1-800/626-6526.
